Hi Mr. Mitnick,

As per our conversation earlier, here are the links you requested:

1. Human Health Risk Assessment for Residential Properties <https://semspub.epa.gov/work/02/318382.pdf>
2. Remedial Investigation for Residential Properties <https://semspub.epa.gov/work/02/318383.pdf> (look at attached figures for sample locations)

Please use this link to learn more about the Superfund remedial process: <https://www.epa.gov/superfund/superfund-cleanup-process>

Please contact me with any further questions or requests.

Thank you,  
Julie

**Subject:** United States Avenue Burn Site FOIA request

Dear Mr. Mitnick,

I am the project manager for the United States Avenue Burn Site. We have received your FOIA request for:

*All tests and results of the soil, air, and water for the Site located at United States Avenue Burn Site, operable Unit 2, Gibbsboro, NJ. Transcripts, meeting minutes, power point presentations, and all the names of all attendees of the meeting held on August 10, 2017 between 7pm and 9pm as it relates to the aforementioned site. All documents, complaints, internal memos, inter-governmental memos correspondence as it relates to aforementioned site.*

Some of these documents are readily available at <https://www.epa.gov/superfund/us-avenue-burn> (Click on Administrative Records, and Reports and Documents). We would like to set up a phone call to discuss your request for documents not found within the administrative record or on the website. Please let me know your availability for a conference call this week.

Thank you,

Julie Nace
